	5.	At about 7 p.m. on 8 April 1953, a KVP train passed through Brandenburg toward Neustadt/Dosse. It came from the direction of Rosslau and included 10 boxcars with a total of about 250 men and 5 flatears with eight 122-mm howitzers.	
25X1	1.[Comment. It is doubted that the trains should have been correctly observed with regard to the directions of arrival and departure. It is impossible that tanks and AA guns should have come from Klietz, where the KVP engineer officer candidate school is stationed. No KVPs are stationed at Salzwedel and Gardelegen.	25X1

25X1	2.[Comment. The trains traveling from and to Ruegen Island possibly carried elements of the Prora Div, which were transferred to the Pasewalk area for record firing.	25X1 25X1
25X1 25X1	3.	Comment. Two previous reports mentioned the transfer to the Eggesin area of the 2d Mecz Regt of the Eggesin Mecz Div, which was stationed at Premnitz. The intended transfer of the Gotha KVPD to Premnitz needs confirmation.	
25X1	4.	Comment. This train possibly carried elements of the howltzer artillery regiment of the Armeegruppe Nord, which were transferred from Dessau-Kochstedt to the Pasawalk area.
